Summary

Ambitious and enterprising professional with articulate communication skills, adept at leading teams and driving significant achievements. Excel in building strong relationships, devising innovative solutions, and consistently delivering results.

Experience

SEO and Frontend Development Intern

Innobyte Services

June 2023 – December 2023

- Contributed to building and optimizing web pages using HTML, CSS, JavaScript, and React.js, ensuring responsive design and improved usability.
- Participated in SEO initiatives by conducting keyword research, optimizing on-page content, and improving metadata to enhance search engine rankings.
- Assisted in technical SEO audits and implemented improvements to boost website visibility and organic traffic.
- Collaborated with team members on feature development and code reviews, ensuring high-quality, user-friendly output.

Frontend Developer

Flowlaunch

July 2024 – June 2025

- Designed and developed responsive, cross-device web layouts, ensuring seamless user experience across different screen sizes and browsers.
- Debugged and resolved code issues and performance bottlenecks to enhance application efficiency and reliability.
- Collaborated closely with backend developers to integrate UI components smoothly, ensuring cohesive functionality across the stack.
- Implemented best practices including code minification and caching strategies to optimize website speed and scalability.
